Tune in Monday through Friday
BE BLESSED BY THE WORD OF GOD!
Listen on-line: www.bibletractsinc.org

How can we send out tracts free?

They must cost something? Many people ask us, "How much do the tracts cost?" Often they ask this so they can know what to pay for the tracts they are ordering. Although we never "sell" tracts, we want you to know the costs because there is an expense in providing these "Gospel seeds." We are able to send so many tracts free because some people do realize there is a cost and are **financially able** to help us. We appreciate this because many who cannot pay may still order and use tracts. There are many different sizes and colors of tracts, and the quantity we print each time determines the actual cost. This cost varies with each production run. We trust the Lord to supply the funds to print and distribute the tracts. Please **pray** with us that God will raise up more friends so we can carry on this **missionary work in abundance**.
